

JUNE 2005 PRODUCT NEWS  
FOR IMMEDIATE RELEASE

## Express Your Creativity Like A Pro with PROLiNK PCC900!!

Singapore June 2005 – FIDA International (S) Pte Ltd introduces the new Web Cam with sleek and funky design.

Express your creativity like a pro! Use PCC 900 to move in on the action and capture high-quality videos and photos. Then edit those images with VP-Eye studio quality editing software to make your web albums even better. It's the creative way to get closer.

PROLiNK PCC900 USB 2.0 350K Web Cam sets up in minutes, just install the software, plug in the camera, and starts sharing with your friends, colleagues or even relatives! Video enthusiasts get ready... this new PCC900 was made just for you. By combining a built-in microphone, and high-quality CMOS sensor, the PROLiNK PCC900 lets you express your creativity like a pro.

Now you can create amazing videos and shoot high quality still photos with ease. Or add live video to Yahoo! Messenger® and MSN Messenger® while you chat. You may also make live video calls, set up a video monitoring system, or send photos and video to your loved ones. PCC900 allows you to enhance the way you communicate and animate your life.

PCC900 works well with Windows 98/98SE/2000/ME/XP and is compatible with both USB 1.1 and 2.0. It captures up to 30 frames per second for smooth live video, and its high quality CMOS sensor provides up to 640 x 480 resolution for crisp images.

PROLiNK PCC900 is the simple way to get closer. Meet face-to-face online by making live video calls. Snap and send photos as easily as you send text—which means viewing is just another click away. It's the perfect web cam for your lifestyle.

PROLiNK PCC900 will be available in all good IT shops in both PROLiNK's local and overseas authorized dealers in end of July.
