Simplify Your Mobile Life!

Singapore July 2005 – FIDA International (S) Pte Ltd introduces the new mini USB Optical Mouse for your notebook – PMO133N.

The PROLiNK mini USB Optical Mouse is the simplest, most durable notebook mouse available. Just plug it in and start working. The all-terrain optical sensor provides smooth tracking and maximum surface coverage in virtually

any environment. The PMO133N USB Optical Mini mouse enables you to wind the cord neatly into the mouse for easy packing. No tangles, no unraveling, no unreliable moving parts. The smooth, rounded shape also provides the perfect balance of comfort and mobility.

Full-fledged optical performance in a smaller contoured shape that easily fits left or right hands. This mouse is also compact enough to take anywhere, comfortable enough to use as your primary mouse too.

PROLiNK's PMO133N also provides free mouse pad and pouch in their package for easy usage and storage of the mouse.

The PROLiNK PMO133N delivers smooth, precise motion on virtually any surface. Bring new life to your notebook now with PROLiNK's PMO133N USB Optical Mini Mouse now!
